Amy Balewicz - Enrichment Coordinator, Florence Sawyer ES, Bolton, MA

"Very engaging, professional, and interesting performer! He was entertaining and knowledgeable!"

John Rice - Camp Director, Osborn School/Rye YMCA, Rye, NY

"Brian did a marvelous show. He was funny, kept the children interested, taught a valuable life lesson on good nutrition, and stayed within our time constraints. My son bought raisins with his lunch that day - the first time ever! And he came home later that day searching for bananas, and at dinner requested an apple! That was clearly a result of the message Brian shared in his program. Excellent show."

Joanne Hughes, Wicoff Elementary School, Plainsboro Township, NJ

"Brian was great and the assembly was greatly enjoyed by all!! He was super enthusiastic, entertaining, funny, creative and professional! Thanks for coordinating such a wonderful program!"

"From the moment we first spoke to your show coordinator, we just knew this was the program for us!!! Everyone was so kind and helpful as we booked this great show! When Brian Richards came to our school he was professional, organized, and friendly. Once the performance began Mr. Richards was absolutely ASTONISHING!! He held the attention of our 350 kindergarten thru 5th grade students the entire time! He was funny, energetic, and best of all AMAZINGLY entertaining! We will certainly recommend him and this company to others and would LOVE to book one of your other shows for our school in the future. Thank you for making the final activity of our Read Across America day such a SUCCESS!!!"

Merisa Rosa, Colonial Road School, Franklin Lakes, NJ

"Brian's assembly was greatly appreciated by the students, teachers, and administrators alike, as demonstrated by the high praise offered after the show. Teachers especially appreciated Brian's impeccable audience control over the students - entertaining and enthusing them, but leaving them manageable after the show."

Jodi Chattin, Teacher, Olivet Elementary School, Olivet, NJ

"Brian did a wonderful job with our students in grades 3 and 4. The students laughed and thoroughly enjoyed the show. We used this as our "kick-off" to our summer reading program and was a perfect fit! Great Show and totally enjoyed by all!"
